ABOUT

I make short and long videos that people watch and that sell. 7+ years in content: from my own YouTube channels and streams to production for brands, gaming projects and arbitrage teams. I cover the whole cycle myself: idea and script, shooting and on-camera delivery, editing and sound, AI generation, thumbnails, publishing and analytics. I work from briefs and references, hit deadlines and handle revisions calmly.

EXPERIENCE

AI short-video production
2024 — now

Questera · remote

- Dota videos for TikTok, Reels and Shorts in several languages, incl. Spanish and Portuguese
- Scripts and prompts, video and image generation, voiceover, editing
- The Brazil ad campaign delivered the project's biggest reach
